

NEW 1220 Valve Complete

For Model 1200 Automatic Dog Waterer

NEW 1220 Valve Reduces Maintenance Time and Expense

Innovative design allows you to access rubber seat without tools. Simply unsnap valve cover with fingers to detach float arm assembly. Rubber seat can then be inspected and replaced if necessary.

- Eliminates troublesome cotter pins and screws.
- Tough Acetal Plastic Valve is Food-Grade Certified. FDA and NSF Approved.
- Works on all Model 1200 Dog Waterers
- Easy to Install

Patent Pending
